"Women's Business Center Program" Community-Based

On November 13, 2006, the U.S. Small Business Administration (SBA) announced \$12 million in grant funding for 19 new Women's Business Centers (WBCs) and 80 existing WBCs to provide technical assistance and counseling to women business enterprises at all stages of development from start ups to successful women business owners to assist them start, grow and expand their small businesses. The WBC program is a national network of resource centers serving more than 144,000 clients across the country last fiscal year by providing financial, management, procurement training, marketing and technical assistance.

For a complete list of all centers receiving SBA grants, to find the location nearest to you and for additional information about the SBA's WBC program visit online at www.onlinewbc.gov.
